## **HB 2252 - SB 2625**

March 16, 1998

**SUMMARY OF BILL:** Provides that an application for issuance or renewal of a certificate of motor vehicle registration or a tab, sticker, or other device indicating payment of road or wheel taxes must be accompanied by the driver license of the owner or by a photocopy of that license. The county clerk is not required to determine if the license is suspended, revoked, or subject to any other restrictions.

### **ESTIMATED FISCAL IMPACT:**

**Increase Local Govt. Expenditures\* - Exceeds \$100,000**

**Decrease Local Govt. Revenues - Exceeds \$100,000**

Assumes a decrease in local government revenues, since county clerks will lose many of the one-dollar fees that they currently receive to handle the special mail renewal of license decals. Assumes an increase in local government expenditures since county clerks are expected to experience an increase of in-person renewals.

\*Article II, Section 24 of the Tennessee Constitution provides that: *no law of general application shall impose increased expenditure requirements on cities or counties unless the General Assembly shall provide that the state share in the cost.*
